ADDENDUM NUMBER TWO
FIFTH STREET IMPROVEMENTS
CITY OF FAIRBANK, IOWA
Project No. 091121.MS

A. Water Service Reconnection

The Plans originally called for reconnection of existing residential water lines to the new main without replacing the line from the main to the curb stop, or the curb stop itself.

It has been decided to include bid items for replacing these items. This will be covered as follows:

Bid Item #9 of Water System Base Bid and Bid Item #7 of Water System Optional Bid will remain as originally stated. If replacement of the curb stop and water line between is not necessary, then this will be only bid item used.

A Bid Item #12 and #10, respectively, will be added: 5010-108-G-0, ¾" Dia. Copper Service Line, Furnish and Install.

Measurement and payment for this bid item will be per lineal foot of service line between the main and curb stop.

A Bid Item #13 and #11, respectively, will be added: 5010-108-H-0, Curb Stop and Box, Install Only.

The City of Fairbank will provide the new curb stop and box, Contractor is responsible for removing the old items and installing the new. Measurement and payment for this bid item will be per each curb stop replaced.

The City of Fairbank will determine at the time of construction whether to replace the curb stops on an individual basis. If chosen for replacement, Bid Item #'s 9, 12, 13 for base bid and #'s 7, 10, 11 for the Optional Bid would be used for payment.

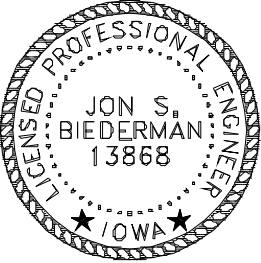

B. New Form of Proposal

A new Form of Proposal is included with this Addendum and shall be used for bidding. This Form of Proposal includes the added bid items described above.

C. Acknowledgement

All bidders are reminded to acknowledge this addendum on Page FP-1 of the Form of Proposal.

D. Certification
